7. Adjusting to life in Australia

7.1 Student living expenses

The cost of living in Melbourne can vary according to the type of accommodation you choose and the lifestyle you lead.

Although the cost of groceries, eating out, utilities and entertainment is similar across Melbourne, the cost of accommodation in and around the city centre is greater than in the outer suburbs. On the other hand, travel costs may increase the further you live from the centre of the city.

The Department of Immigration and Border Protection (DIBP) advises that applicants for student visas require AUD\$18,610 per year for living expenses. For more information please visit the DIBP website.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

We require that you budget an approximate minimum of AUD\$23,000 - \$30,000 per year for ongoing living costs (excluding tuition fees or airfares).

You will also need to budget approximately AUD\$2300 – 5000 for the initial costs of establishing yourself in Melbourne and it is recommended you allow AUD\$1000–2000 for the purchase of a personal computer.

7.2 Culture Shock

Moving to a new country and culture different from your own can be difficult. Although a change in culture is exciting, you may experience some “culture shock”. The people, customs and language are unfamiliar and not always easy to understand and it is very common to feel homesick. Remember - it is only temporary!

7.3 What is Culture Shock?

It is a feeling of nervousness, fear, unhappiness or any unpleasantness that comes to us when we live in a culture very different from our own. It happens to everyone but in different ways. For most people, it is mild and does not last long. For some, it is stronger and makes them want to go straight home and miss the great opportunity to learn many new things about the world and develop as an individual.

Try to make friends in Australia and do as many ‘new’ activities as you can. Be positive about your new activities. Joining a local sports club or your religious/community group can help introduce you to people.

Trainers at HIC can help you deal with any problems you may experience. Drop in for a chat or make an appointment to speak to your Trainer or the Student Advocacy and welfare Officer / Counsellor if you do get sad or lonely.

8. Australian language!

It may take a week or two to get used to the Australian pronunciation. Even those of you who have studied English for some years may think that Australian English is a completely new language. We tend to speak very quickly and run our words together.

Many Australians also use a lot of ‘slang’. If you are not sure what something means do not be afraid to ask. You will learn some interesting expressions! “Carn, give it a shot!” (Come on, have a go!)

8.1 Examples of Australian slang:

Some commonly spoken Australian slang is listed below:

Aveagoodweegend	Have a good weekend	G'day	good day/Hello
Good on ya	well done	Arvo	afternoon
Aussie	Australian	Barbie	barbecue/BBQ
Hang on	wait a moment	I dunno	I do not know
Beaut	fantastic	Bikkie	biscuit/cookie
Bloke	guy/man	Brekkie	breakfast
Bring a plate	bring a plate of food	Brunch	breakfast & lunch, around 11:00am
BYO	bring your own (drink)	Cracked it	to get very upset
Dodgy	awkward, suspicious	Doona	bed quilt usually filled with feathers
Jumper	Pullover/Sweater	Lollies	sweets, candy
Mate	friend	Na/Nuh/Nope	no
No worries	no problem	See ya	good-bye
Yeah/Yep	yes,	Ya reckon?	Do you think so?
Footy	Australian Rules Football

10. Climate

Melbourne has a comfortable temperate climate with 4 seasons. Summer is generally hot and dry, and winter is cool with occasional rain. It is a good idea to bring a woollen jumper or windproof jacket for the winter months. In summer, light cotton clothing is best. Most students dress casually: T-shirts, jeans, sweaters, shorts, windcheaters and comfortable shoes.

- Summer: (Dec, Jan & Feb) January and February are the hottest months. Daily maximum temperatures are between 25-30°C. On a hot day, the temperature can be between 35-40°C.
- Autumn: (Mar, Apr & May) most days are pleasantly mild.
- Winter: (June, July & Aug) Days can be cold and windy. Temperatures range between 10-15°C
- Spring: (Sept, Oct & Nov) Days are slightly warmer. Temperatures range between 15-20°C

11. Public Holidays

There are several national and state public holidays. During these days, government departments, banks, businesses and some leisure centres may not be open:

New Year's Day	1st January	Easter Monday	Different every year
Australia Day	26th January	Queen's Birthday	2nd Monday in June
Labour Day	2nd Monday in March	Melbourne Cup Day	1st Tuesday in November
Anzac Day	25 April	Christmas Day	25th December
Good Friday	Different every year	Boxing Day	26 December

12. Health and Welfare

Melbourne was adjudged as the "world's most livable city" for three years in a row during 2011, 2012 and 2013, according to the 2013 Economist Intelligence Unit's (EIU) Global Livability Survey. While Melbourne is a very safe and friendly place to live, it is wise to make yourself aware of local safety and security issues as well as the organisations to contact if you need help or information.

We have provided some basic information about health and safety in Melbourne. For more information, speak to one of your advisors or see the City of Melbourne website.

12.1 Student Health

All International students must have health insurance before being issued with a visa. This cost is payable with your fees.

12.2 Counselling

Staff members at HIC are available to help you out with academic or personal problems. Professional counselling can be arranged if required. Students may incur additional costs for the service payable directly to the professional counsellors.

12.3 Employment in Australia whilst studying

Students and their dependant family members with permission to work must not undertake work until the main student visa holder has started their course in Australia. They are limited to 40 hours work per fortnight while their course is in session, but may work unlimited hours during formal holiday periods. Student visa holders found to be working in excess of their limited work rights may be subject to visa cancellation.

12.4 Vaccinations

You do not need special vaccinations before coming to Melbourne, unless you have recently been in a yellow fever area such as South America or South Africa within the last six days.

12.5 Drinking Water

You can safely drink Melbourne tap water – it is one of the purest supplies in the world.

12.6 Skin Cancer

Australia has the world's highest death rate due to skin cancer, caused by exposure to the country's intense sunlight. Limit your exposure to the sun and protect your skin with broad-spectrum skin creams (SPF 30+). Most sunscreens also contain a moisturiser to protect your skin from dry weather.

12.7 Prescriptions

Australian pharmacies or chemists can only fill prescriptions prescribed by Australian doctors, so ensure you carry enough of your current medication for your trip, or visit a doctor in Melbourne to write you a new prescription. You will generally find a 24-hour medical clinic and chemist in or near to your suburb.

12.8 Feeling Unsafe

If at any stage, you feel unsafe or in any danger, it is best to speak to someone at HIC or go directly to the police. Their number in a case of an emergency is 000.

12.9 Embassies / Consulates in Melbourne

During your stay, you may require support services from your national representatives in Australia. Find your country's Embassy, Consulate or Diplomatic Mission in Melbourne. 12.10 Melbourne's Transport System

Public transport is fairly reliable and safe to use. Most stations and stops display the relevant timetable. Services are reduced on weekends and public holidays. The Melbourne transport system operates trains, buses and trams from the City centre to all Melbourne suburbs. It operates from 5.30am to 12.00 midnight every day. The free City Circle Trams circle the perimeter of the City centre and central business district every day except for Christmas Day and Good Friday. The transport system does not operate from Melbourne to the Airport. See the table below for the price of an adult ticket.

Melbourne's new ticketing system is called Myki. Myki is operating on metropolitan trains and buses. Myki money or myki pass are valid for travel on all metropolitan. The Myki is used if you are travelling in Zones 1 and / or 2.

Before getting on public transport, ensure your ticket is validated with today's travel date. If unsure, ask someone and follow the example of a responsible commuter.

REMEMBER: BUY, VALIDATE, TRAVEL and there will be no problems. Heavy penalties are imposed if you are found travelling without a valid ticket. Always ensure you buy your ticket before you get on the train. It is not an excuse to inform the ticket inspectors that the station was closed and that, you were unable to buy the ticket or that the ticket vending machine was not operating.

International students are NOT entitled to student concessions on public transport. Full fares apply. Fines are heavy if you are caught travelling on the Melbourne transport system on concession. For further information on the Melbourne transport system or train, tram and bus timetables call 131 638 (6.00 am – 10.00 pm daily) or visit <http://ptv.vic.gov.au/>

13. Getting Around

Maps and brochures are available at the Melbourne Visitor Centre. Discover the beauty, sophistication and diversity of Melbourne at the. Conveniently, situated Melbourne Visitor Centre on the corner of Swanston and Flinders Streets directly across from Flinders Street Station, make the Melbourne Visitor Centre your first stop when you come to town. Managed by the City of Melbourne, the staff is happy to provide information and advice on what to see and do in Melbourne and across Victoria. There is a variety of transport options to help you get around.

13.1 Driving

Cars are the most common form of transport. In Australia, everyone in the car must wear cars drive on the left-hand side of the road and seatbelts. The driver either must have an Australian Driver's Licence or must bring an International Driving Permit from your country.

Drink-driving (driving when under the influence of alcohol) is strictly prohibited. Failure to obey drink-driving laws may result in loss of licence and heavy fines. Drive safely!

Traffic in Melbourne is not as heavy as in your major cities back home. This is not an excuse to speed. Speeding incurs heavy fines and loss of licence. Always stick to the speed limit and keep your passengers safe. As a passenger, ask your driver to slow down if you feel uncomfortable.

Car insurance is essential if you are thinking of owning a car in Australia. A student who buys a car is very strongly advised to purchase third party and comprehensive insurance to cover you and other drivers in the event of an accident. We do not recommend that you consider buying a car if you are unable to meet these costs.

You can browse the classified ads in The Age or The Trading Post, to get an idea of car prices. If you choose to buy a car, ensure that it is sold with a current Roadworthy Certificate (RWC). You may also consider getting it checked out with a qualified mechanic.

13.3 Cycling

Keep fit, have fun, and cut your transport costs. Melbourne is great for cycling. Cyclists must obey the road rules. This includes wearing an approved helmet, having a warning device on the bike (eg. a bell), and having reflectors and lights if you are riding at night or when visibility is low. For details, see the Vic Roads website. <http://www.vicroads.vic.gov.au/Home/BicyclesPedestrians/> Bicycle Victoria (<http://www.bv.com.au>) is also a great source of information about cycling in Victoria.

13.4 Taxis

Public transport stops at midnight. Therefore, if you are out late, you may need to get a taxi. Melbourne's taxis are all yellow and are widely available across Melbourne. They often wait in taxi ranks that are clearly signposted at central locations like major hotels in the CBD, or busy spots such as Flinders Street Station. You can also hail a taxi in the street – if the rooftop light is illuminated, it means the taxi is available for hire – or book a taxi by telephone.

The major companies operating in Melbourne and Victoria are:

- 13 CABS (ph 13 2227)
- Embassy Taxis (ph 13 1755)
- Arrow (ph 13 2211)
- Silver Top Taxis (ph 13 1008)

14. Banking

Australia has many banks, building societies and credit unions. The larger banks include ANZ, Commonwealth Bank, National Australia Bank, St George and Westpac.

It is important to open a bank account as soon as possible. You will need your passport as proof of identification. (Take along either your Student ID card or Letter of Offer)

Banking hours are generally 9.00am to 4:00pm Monday to Thursday and 5:00pm on Friday. Some banks are even open on Saturday mornings with telephone banking and internet banking available 24 hours a day, 7 days a week. Your bank will let you know what services they provide and how to use your ATM card and PIN around Melbourne.

You may need to provide a Tax File Number (TFN) to avoid paying too much tax on the money in your account, and especially if you intend to work part-time after you start classes. You can apply for a TFN during Orientation on campus, or in person at a branch of the Australian Tax Office

14.1 Currency

Australia uses the decimal system of currency (100 cents = \$1.00.) Notes are in denominations of \$5, \$10, \$20, \$50 and \$100. Coins come in denominations of 5 cents, 10 cents, 20 cents, 50 cents, \$1 and \$2.

14.2 Receiving Money from Overseas

14.2.1 Telegraphic Transfer (TT): Money sent by TT can take around 3 working days to be deposited into your Melbourne bank account. Your Melbourne bank may charge you a fee (around \$10), which will be paid out of the transferred funds. You may be charged a currency conversion fee.

14.2.2 Bank Draft or Bank Cheque: When you deposit an overseas bank draft into your account, it can take up to 30 days to clear. You may be charged a currency conversion fee.

14.2.3 Other ways to transfer money: There are organisations other than banks where you can send or receive money. For example, many Australia Post branches are agents for Western Union Money Transfer Services.

HIC actively promotes an environment in which students develop a positive and responsible attitude to the work environment, clients and colleagues. As part of this the Institute supports a system of informed consequence for actions.

To ensure the proper management of disciplinary issues the following disciplinary procedure should be used. The procedure is designed to ensure fairness and objectivity and its principal purpose is not intended as a form of punishment but as a means of providing students with the opportunity to correct or modify their behaviour through fair and objective means.

30.1 Procedure

30.1.1 In the case when student behaviour conflicts with the Code of Conduct, disciplinary action will need to be taken and the following will apply in a private and confidential manner.

30.1.2 In the first instance the Trainer concerned, issues the student with an official warning about their behaviour by filling out the Student Communication Form, one copy of this warning goes to the student and another copy must be filed in the student's file.

30.1.3 In the second instance of unacceptable behaviour the Trainer is to arrange a meeting with the Training Manager.

30.1.3.1. The details of all disciplinary interviews and warnings will be recorded using the Student Communication Form and a copy filed in the student's file. The Training Manager must inform the student of the possible ramifications.

30.1.3.2. A note should be placed on Wise Net to identify that a disciplinary interview has taken place and that details are located on the student's file.

31.1 Assessment

Assessment is the process of collecting evidence and making judgments on the extent and nature of performance and other requirements, as described in a set of standards, or learning outcomes, resulting in a judgment of whether or not competency has been demonstrated.

Effective and objective assessment is of vital importance to the successful implementation of competency standards in the workplace and in education. This is the judgment of performance and knowledge against the relevant industry competency standards.

Assessment is carried out by the comparison of a student's evidence of skills and knowledge, against the requirements of the Standards.

In general, terms, assessment during training will involve observation of performance in class, including:

- a) Case studies
- b) Projects
- c) Assignments
- d) Presentations
- e) Role plays
- f) Written tests and exams
- g) Students will be given advance warning of the time and form of any assessment and will not be expected to sit an assessment they have not prepared for.
- h) Students will be given an opportunity for at least two Resit at no additional cost for any competencies not achieved on the first attempt.

31.2 Reasonable adjustment/ Special learning needs

One fundamental principle of an assessment system is that each student must have access to fair and open assessment. Students with special needs should be offered the same opportunities as any other student.

As special needs extend to more than identify physical or learning difficulties, an assessor will also need to consider the best approach when dealing with students with needs such as low literacy, lack of confidence or Non - English speaking background, minimal computer literacy.

An assessor must consider special needs from the planning stage onwards and adopt particular assessment methods as appropriate. Depending on any specification given in the standards, the assessor may be able to accept alternative evidence from a student with special needs.

Evidence collection can be adjusted to suit individual student needs if required. Reasonable adjustments may include the use of adaptive technology, educational support and alternative methods of assessment such as oral assessment. The learning need that forms the basis of any adjustment to the training program will be identified and appropriate strategies will be agreed with the student. Any adjustments will be recorded in the student file and HIC will not compromise the competency standard.

If there is uncertainty, the assessor should call on other assessors or the Training Manager for assistance and guidance, as required. In such a case, the situation must be fully documented, with appropriate feedback being provided to the student at all stages.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

32. Assessment Requirements

32.1 Assessment Results

All results should be recorded as Competent (C) or Not Yet Competent (NYC). To be deemed competent, the student must satisfactorily complete all assigned work. The student must keep a duplicate copy of work submitted.

32.2 Special consideration

When a student's performance is seriously affected, because of special cause (e.g. illness) they may apply for special consideration. Applications for special consideration should be lodged with the Training Manager/Course Coordinator/trainer no later than 3 days after the due assessment. Applications should be in writing and supported by a medical certificate or other appropriate evidence. The medical certificate must include:

- Full title and address of the clinic or practice
- A statement relating to the level of impairment, eg, totally unable to sit and exam
- A legible doctor's signature and name of medical practitioner

32.3 Extension of time/late submission of work

If you are having trouble with your assignments because of personal problems, we may be able to help you. We can organise for you to have more time. This is called an Extension. You may also be able to apply for Special Consideration to extend your due date. Please remember that you need a suitable reason to get an Extension or Special Consideration.

32.4 Suitable reasons for extension/special consideration might be:

- a) You were or are very sick (you will need a medical certificate).
- b) A relative or friend was or is very sick (you may need a medical certificate for the person, and the Trainer may ask for evidence of your relationship with the person).
- c) A relative or friend has died recently (you may need to provide a death certificate, and the Trainer may ask for evidence of your relationship with the person).
- d) Personal problems that are causing you emotional distress (you may need to provide written proof of this distress, from either the Administration Manager or another professional counsellor). The specific reasons for the emotional distress do not necessarily have to be on this written document, give privacy issues. If they are however, the Trainer will take all steps to provide confidentiality for the student's situation.
- e) Any other extenuating circumstances that your Trainer believes are valid (you will need to provide all document/s your Trainer asks for).

If you need to apply for an Extension of Time or Special Consideration, here is the process you need to follow:

- a) Contact your Trainer and provide all the documentation you think you will need and fill out the Application for Extension of Time/Special Consideration Form.
- b) Applications for extension of work due must be made to the trainer/assessor in writing and must be received before the due date.
 - a. The trainer/assessor will respond in writing, normally within two working days, and will keep a copy of the correspondence. Your Trainer will assess your claim. If your Trainer believes you do not really have a suitable reason, the claim will be rejected. In some cases, all you might need to do is simply bring more documents. If your Trainer believes you do have a valid reason, you will receive a photocopy of the Form, showing you the level of extension you will receive.
- c) The trainer may grant an extension of up to two weeks (ten working days).

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

- d) Students seeking a revised due date beyond the return of results for the assessment task, or an extension of more than two weeks in duration, must submit an application form to the Administration Manager.
- a. Students seeking an extension of more than two weeks in duration must provide appropriate supporting documentation, including evidence of the circumstances and an explanation of the impact of the circumstances on the student's ability to complete the assessment task
- e) Submission of an application for extension does not mean automatic approval
- f) 'Having work in another subject' or 'Had no time because I was working' will not be accepted as valid reasons for late submissions. In addition, excuses involving computers or printers will not be accepted as valid reasons for late submission. It is a student's responsibility to organise their work so that it is submitted by the due date. Where work is submitted late and compassionate or other grounds cannot be established, it is up to the discretion of the trainer/assessor as to whether work is assessed as competent (C) or not yet competent (NYC).

32.5 Feedback

Feedback is one of the most important aspects of the learning process and serves the important function of enabling students to make timely and informed judgments about their performance so that subsequent assessment can be undertaken with improved likelihood of success.

Feedback is provided in a variety of ways, including:

- a) model answers to questions
- b) verbal comments from trainers, both individually and to the whole class
- c) verbal comments on presentations and participation in class discussions
- d) preliminary assessment task advice
- e) face-to-face assessment task discussion, individually, and in groups
- f) written feedback comments regarding drafts and assessment tasks

Feedback on assessment tasks will normally be provided within ten working days, but no longer than 15 working days following the deadline for submission of the assessment task.

Where students are assessed as not competent, they will be provided with additional feedback on their assessment outcome to assist in achieving the required performance standard on reassessment.

32.6 Assessment task cover sheets

When students submit an assessment task, they are required to include a signed and completed cover sheet. In the case of group assessment tasks, each member of the group is required to sign the cover sheet, and each student will receive written feedback on their group assessment task.

32.7 Recording of results

Assessors should give clear advice to students as to how the unit(s) will be assessed. Each student should have the following records kept in their file:

- a) **Assessment Tasks with Assessment Cover sheets.** This cover sheet should include but is not limited to:
 - a. Student details
 - b. Course code and title
 - c. Assessment title and description (if applicable) Date
 - d. Assessor name
 - e. Elements and relevant performance criteria (if applicable) Assessment Result: recorded as C or NYC
Feedback/comments section
 - f. Student declaration regarding plagiarism
 - g. Signatures of both student and assessor

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

-
- b) Student should retain a copy of submitted assessment/s, if asked to present at later time.

32.8 Resubmission

Resubmission is where a student is permitted to make minor corrections/modifications amendments to an assessment task, which has been deemed NYC. The assessment is then re-submitted to the original assessor within a specified timeframe. After the third resubmission, if the student is still assessed as NYC for that assessment, the student will receive a fail for that unit. If the trainer/assessor questions any submitted work as wholly or partially plagiarised or copied, an NYC result will be submitted (refer to Plagiarism Policy).

33. Assessment Procedures

33.1 Common Assessment Rules

33.1.1 In all assessments, the following rules must be adhered to,

- a) No student may bring unauthorised aids or documents into the Assessment Room. Examples include mobile phones, unauthorised notes, unauthorised calculators or unauthorised textbooks. An aid or document can be authorised by the Administration Manager.
- b) No student may leave the Assessment Room during the assessment and then return to the assessment, unless escorted by an Assessor.
- c) No student can converse with anybody during the exam, other than to the Assessor to have legitimate questions answered.

33.2 If you miss an Assessment

If you miss a scheduled assessment you are required to provide proof of Legitimate Absence within three working days after the official assessment date, or in exceptional circumstances, proof of Legitimate Absence must be provided as soon as practicable.

Proof must be provided to the Administration Manager, not your trainer. If the proof is not provided within the time period, then the student will fail outright. The Administration Manager sets the date of the new assessment. No supplementary assessments will be scheduled without proof of Legitimate Absence. If legitimate absence is refused, the student can appeal to the CEO.

Students must contact HIC as soon as they become aware that they will not be able to attend the scheduled assessment.

33.3 Access to Student Records

Current and former students of HIC have access to their own records on request. Academic & Admin Files for currently enrolled students are maintained at the Admin Office. All requests from an individual student to view their student file should be referred to the respective trainer who will make appropriate arrangements for supervised access. If a student wishes to amend their student admin file, they should fill a general request form and contact the Admin Manager. Due consideration will be given to any request to amend personal information held on file. A request to correct personal information may be satisfied by the individual providing an additional record rather than making alterations or deletions to the original record.

HIC provides students with accurate and up to date information about the status and outcomes of the courses in which they are enrolled.

Information about a student is not disclosed to a third party without the consent of the student, unless required or permitted by law. Persons outside of HIC do not have access to the records of individual students unless students give written permission for the release of specific records, or unless the knowledge of such information is required to be provided to funding, immigration, accreditation or other agencies, which are legally entitled to such information. Information required by other education institutions for the purposes of confirming qualifications of a current or former student of HIC, such as confirmation of units of study completed, participation in officially recognised activities by students, will not be released by HIC unless accompanied by written authorisation of the student.

All requests for archived student files must be authorised by the Compliance Manager. A form has been designed to assist this process. This will enable the location of files to be monitored and minimize the number of missing files.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

34. Student Survey

HIC uses surveys to enable students to give feedback on training delivery including their perceptions of teaching, their learning experience, their overall course experience, and their whole experience at HIC.

HIC undertakes regular student survey after completion of each group.

The survey data are collected and analysed to ensure that HIC can make informed decisions that positively affect the learner's outcome. Students and staff will be provided with the results from student feedback along with plans for improvement.

35. Plagiarism & Cheating

35.1 What is Plagiarism?

Plagiarism happens when you copy or reproduce someone else's work or ideas without acknowledging its original source.

This includes but is not limited to, copying information from books, the Internet and fellow students. This is called Plagiarism.

In some cultures, using information from other sources is considered okay. In Australia, if the other source is not cited this is considered inappropriate. This is why it is looked on in an unacceptable way.

HIC treats plagiarism as cheating. The use of another person's work as though it were one's own, intending to gain an unfair advantage, is Cheating. Students who provide their work for others to copy are also subject to the same penalties as those who copy.

Cheating and plagiarism are serious offences and will be treated severely. HIC imposes strong penalties on students who cheat and plagiarise.

35.2 How do you avoid Plagiarising?

To avoid Plagiarising, it is very important to acknowledge all sources in all assignments submitted for marking. This means you must say where you found your information. Acknowledgement may be in the form of footnotes, endnotes or any other textual references.

A reference list must be included at the end of an assignment if any acknowledgements have been made within the assignment, including sources that have been referred to but not cited within the assignment.

The words of another writer must be placed in quotation marks/inverted commas. The author's name, the source (book, website etc.) and page number of the source must follow these words. The author's complete details should also be included in the reference list at the end of the assignment.

It is also a serious offence to help another student to plagiarise written work. This includes lending another student work that you have completed so that it can be copied and submitted as the other student's own work. HIC treats these instances as seriously as plagiarism and will impose severe penalties on students found to be assisting other students to cheat and plagiarise.

35.3 Penalties for Plagiarism

Penalties for plagiarism are severe. If a student is caught doing any of these things, they receive an Automatic Failure for that assignment or exam. They will receive 0% (Not Competent) and will have to resubmit that assessment. The Assessor/Coordinator may change the assessment to protect its integrity (for example, they may make it an exam). Resubmission is only possible where the reassessment will be completed before the relevant module ends. You may appeal, using the **Automatic Failure Appeal Form** if you feel you have been accused wrongly.

36. Course Progress and Intervention Strategies

36.1 Purpose

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

Standard 10 of the National Code 2007, requires providers to be 'systematic' in monitoring course progress and be 'proactive' in contacting and counselling students' who are at risk of failing to meet course requirements. Students are to be reported according section.19 of the ESOS Act.

36.2 Responsibility

The RTO Manager is responsible for implementation of this procedure and ensuring that staff and students are made aware of its application.

36.3 Requirements

- 36.3.1 HIC has implemented the Department of Education-DIAC Course Progress Policy and Procedures for CRICOS Providers of VET Courses for all its courses.
- 36.3.2 Vocational education and training conducted at Harward International College is competency-based. HIC ensures that students are assessed to achieve the level of understanding, knowledge and skill expected by industry. HIC also encourages students to build on their competencies as they progress through their courses.
- 36.3.3 In line with Department of Education -DIAC Course Progress Policy and Procedures for CRICOS Providers of VET Courses (Standard 10), HIC systematically monitors course progress and implements appropriate intervention strategies when students are at risk of not making satisfactory course progress.
- 36.3.4 Where unsatisfactory course progress continues for a period of two consecutive study periods, the student will be reported to the Secretary of the Department of Education, Employment and Workplace Relations (DEEWR) via PRISMS (section 19 of the ESOS Act) and their CoE will be cancelled, which may also result in their student visa being cancelled.

36.4. Definitions

- 36.4.1 **DEEWR** is the Department of Education, Employment and Workplace Relations. On 18 September 2013 the Department of Education and the Department of Employment was created out of the former Department of Education, Employment and Workplace Relations DEEWR. The term DEEWR is still used at places where its usage has not changed, while elsewhere this has been replaced with Department of Education.
- 36.4.2 **DIAC** is the Department of Immigration and Citizenship
- 36.4.3 A **study period** is defined as One term (10 Weeks).
- 36.4.4 **Course progress** is defined as the measure of advancement within a course towards the completion of that course demonstrated through competency-based training and assessment.
- 36.4.5 **Satisfactory Course Progress** is defined as when a student achieves a competent result in all assessments for all units of competency undertaken in a given study period and is on track to successfully complete their program within the expected duration of study.
- 36.4.6 **Unsatisfactory course progress** is defined as not successfully completing or demonstrating competency in at least 50 % of the course requirements in two consecutive study periods.
- 36.4.7 **Monitoring** refers to the active checking of course progress.
- 36.4.8 A student **at risk** is one who has been assessed as NYC in one or more of their units attempted in a study period, erratic or random or deemed insufficient for achieving satisfactory academic progress by the Trainer.
- 36.4.9 **Intervention Strategy** is an individual plan to provide support and/or assistance to a student identified as 'at risk' of not achieving satisfactory course progress.

36.5 Method

36.5.1 Advice to students:

At the orientation session students will be advised of the meaning and requirements for academic performance and of the requirement to complete the course by the scheduled end date of the course.

36.5.2 Early detection of, and intervention in, lack of satisfactory academic performance

As HIC is committed to, ensuring that all students have satisfactory learning experiences, at HIC early identification of issues affecting student progress and performance is a priority.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

- 36.5.2.1 Consequently whenever a student, undertaking the first study period, fails to achieve a satisfactory result in consecutive assessments that form part of any unit of competency or fails to achieve competency in a unit that would normally be completed prior to the end of the study period, that student is identified as 'at risk'. Trainers/Assessors will notify the Training Manager/Course Coordinator (or Administration Manager if no coordinator) using the Monitoring of Course Progress Checklist and Reporting Form.
- 36.5.2.2 On receiving notification from the trainers/assessors the Training Manger/Administration Manager will arrange for a meeting with the student involving the Administration Manager, coordinator/trainers/assessors and student to discuss academic performance.
- 36.5.2.3 The purpose of this meeting is to determine the reasons for this lack of satisfactory academic performance of a student who is yet to complete the first study period of the qualification and to develop strategies involving student support and student action to assist the student to gain the necessary competence in a time frame that enables the student to complete the course within the expected course duration. Records will be kept using the Student Communication Form and the General Intervention Record.
- 36.5.2.4 Outcomes, actions and agreements of that meeting signed by both the Administration Manager and the student will be given to the student and a copy kept on the students file.
- 36.5.3 Review of academic performance at end of study period
- 36.5.3.1 At the end of a study period the Training Manager will review the academic performance of ALL students. The progress of each student shall be monitored using the Monitoring of Course Progress Checklist and Reporting Form. This will be done by examining the students allocated study program and by examining the academic results provided by trainers and assessors for the units of competency, comprising the study program, undertaken during the study period.
- 36.5.3.2 If as result of the review it is identified that,
- 36.5.3.2.1 A student has failed to/yet to achieve competence in any units of competence undertaken in that study period, the coordinator will notify the Administration Manager who will contact the student through personal contact, telephone and/or email and/or SMS or, as a last resort, registered mail to arrange for a meeting with the student involving the Administration Manager, Coordinator/ Trainers/Assessors and the student to discuss academic performance.
- 36.5.3.2.2 The purpose of the meeting is to determine the reasons for this lack of satisfactory academic performance and to develop and implement intervention strategies involving student support and student action to assist the student to gain the necessary competence in a time frame that enables completion of the course within the expected course duration. Records will be kept using the Student Communication Form and the General Intervention Record.
- 36.5.3.2.3 Outcomes, actions and agreements of that meeting signed by the Administration Manager, the coordinator and the student and the student will be given a copy and a copy kept on the students file.
- 36.5.3.3 Intervention strategies may include:
- HIC
- Advising the student on the suitability of the course enrolled in
 - Arranging extra learning support or tutorials
 - Arranging counselling for assistance with personal issues
 - Providing opportunities for students to be reassessed or to repeat subjects Arranging to vary or reduce the enrolment load for the following semester Providing advice re-course suitability (i.e. Literacy, Language and Numeracy)
 - Allocating a new individualised study program for the following study period. Such an individualised study program my include repeat units in addition to the normal study program (As specified in the Delivery and Assessment strategy) or in place of units specified in the normal program.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

The student

- Undertaking a period of study during the scheduled break between study periods
- Repeating failed units during the next study period by
 - Attending additional classes
 - Undertaking a self-paced/on line programs
- Being required to undertake additional English language classes prior to re assessment
- Producing evidence of competence gained in the workplace.

36.5.3.4 Students who fail to achieve competence in a majority of units of competence undertaken during this study period will be advised that this lack of satisfactory academic performance in two consecutive study periods could lead to the student being reported to DIAC and cancellation of his or her visa, depending on the outcome of any appeals process. These students will be classified as being "At Risk" and recorded on file

36.6 Monitoring of students with a lack of satisfactory academic performance during a consecutive study period.

36.6.1 The academic performance of ALL students classified as being "At Risk" or who are undertaking repeat units of competency in any study period as a result intervention strategies put in place in the previous study period will be monitored in an ongoing way.

36.6.2 Any assessment undertaken by the student in any unit of competency undertaken in the study period that achieves other than a competent result will be recorded and may require the student to immediately discuss their academic performance with the trainers/assessors and the coordinator.

36.6.3 All results of these students will be reviewed at the mid-point of the study period by the Training Manager/Course Coordinator. This will be done by examining the students allocated study program and by examining the academic results provided by trainers and assessors for the units of competency, comprising the study program, undertaken during the study period.

36.6.4 Students who, at this mid-point, are displaying a lack of satisfactory academic performance in their new units or in units being repeated will be contacted by the Administration Manager to attend a meeting with the coordinator and/or trainers/assessors to discuss their academic progress. Contact will be through personal contact, telephone and/or email and/or SMS or, at last resort, registered mail.

36.6.5 The purpose of this meeting will be to determine the reasons for the ongoing lack of satisfactory performance and to develop strategies involving student support and student action to assist the student to gain competence by the end of the study period.

36.6.6 Outcomes, actions and agreements of that meeting signed by both the coordinator and Administration Manager and the student. A copy will be given to the student and a copy kept on the students file.

36.7 Review of academic performance at end of a consecutive study period.

36.7.1 At the end of the study period the course coordinator will particularly review the academic performance of any student 'At Risk'

36.7.2 If as result of the review it is identified that;

36.7.2.1 A student has failed to/yet to achieve competence in a majority of the units of competence undertaken in the current study period the coordinator will notify the Administration Manager who will notify the student in writing of its intention to report the student to DIAC- DEEWR for not achieving satisfactory course progress. This written notice will be sent by registered mail.

36.7.2.2 The written notice will inform the student that he or she is able to access HIC's complaints and appeals process as per ESOS Standard 8 (Complaints and appeals) and that the student has 20 working days in which to do so. A copy of this letter is retained within the student's file.

36.7.2.3 If the student chooses not to access the complaints and appeals processes within the 20 working day period, withdraws from the process, or the process is completed and results in a decision supporting HIC,

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

the Administration Manager will notify the Administrative Officer who will notify the Secretary of DEEWR through PRISMS of the student not achieving satisfactory course progress as soon as practicable.

36.7.2.4 Similarly if a result of the review a student's academic performance shows a lack of satisfactory performance in less than 50% of scheduled units the normal interview and intervention strategy approach indicated earlier in this policy and procedure will prevail.

36.7.2.5 Copies of all outcomes and notifications related the appeal processes are kept on the student's file in accordance with HIC's complaints and appeals policy and procedure.

36.8 Review of the impact of intervention strategies on course duration

36.8.1 At all stages of this review and monitoring process the impact of any decision relating to implementation of intervention strategies on the expected course duration for a student will be examined and any likely or possible variation in course duration will be noted on the students file. Reporting the student (issuing a new CoE) will occur when the HIC knows the student cannot reasonably complete his or her course, as specified in the delivery and assessment strategy, within the expected duration as specified on the student's CoE. However, HIC will only issue a new CoE when they can accurately predict how long an extension of duration of study the student will require. Please read this policy in conjunction with 'Completion within expected duration Policy and Procedure'.

37. Completion within Expected Duration Policy and Procedure

37.1 Purpose

The purpose of this policy is to monitor the workload of students to ensure they complete the course within the duration specified in their CoE (International students). HIC will only enable students to extend the expected duration of study for the course through the issuing of a new CoE for International students. The policy and procedure applies to all students enrolled at HIC.

37.2. Responsibility

The Administration Manager is responsible for implementation of this procedure and ensuring that staff and students are made aware of its application.

37.3. Requirements

37.3.1. To ensure students complete their course according to the length of their CoE/Training Plan, HIC enrolls all students in compulsory study periods of 10 weeks (one term).

37.3.2. HIC monitors each student's progress to ensure that, at all times they are in a position to complete their course within the expected duration as specified in their CoE.

37.3.3. HIC monitors enrolment load and progress at the end of every study period and monitors students during the term ensuring they are passing their individual assessments enabling them to maintain satisfactory course progress

37.3.4. HIC will only extend the duration of a student's study where it is clear that the student will not complete the course within the expected duration, as specified on the CoE as a result of:

- a) Compassionate or compelling circumstances (for example, illness where a medical certificate states that the student was unable to attend classes)
- b) HIC implementing its intervention strategy for students who are at risk of not meeting satisfactory course progress,
- c) An approved deferment or suspension of study that has been granted under Standard 13.
- d) Where there is a variation in the student's enrolment load which may affect the student's expected duration of study:

- a. For International students, this variation is recorded in the student's file with the reasons and via PRISMS and issue a new CoE if necessary.

37.4 Definitions

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

Various terms used in the policy denote the meaning as shown:

- a) CoE or a Confirmation of Enrolment: is a document that is provided by HIC to an International student who studies in Australia on a student visa. It confirms that an international student is eligible to enrol on a course.
- b) A student at risk is one who has been assessed as NYC in one or more of their units attempted in a study period, erratic or random or deemed insufficient for achieving satisfactory academic progress by the Trainer.
- c) Intervention Strategy: is an individual plan to provide support and/or assistance to a student identified as 'at risk' of not achieving satisfactory course progress.
- d) Study period: is defined as 10 study weeks or ONE term.
- e) Satisfactory Course Progress: is defined as when a student achieves a competent result in all assessments for all units of competency undertaken in a given study period and is on track to successfully complete their program within the expected duration of study.
- f) Unsatisfactory course progress: is defined as not successfully completing or demonstrating competency in at least 50 % of the course requirements in two consecutive study periods.
- g) Monitoring: refers to the active checking of course progress.
- h) For the purposes of Standard 9, the expected duration of a course is the duration of course as registered on CRICOS. (International students only)
- i) Compassionate or compelling circumstances: are generally circumstances beyond the control of the student and which have an impact on the student's course progress or wellbeing. These could include but are not limited to:
 - Serious illness or injury, where a medical certificate states that the student was unable to attend classes,
 - Unexpected illness or death (bereavement) of close family members such as parents or grandparents,
 - Student being caught in a major political upheaval or natural disaster in the home country or, if in Australia, requiring emergency travel for such reasons and this has impacted on the student's studies,
 - The student is involved in custody proceedings for their child
 - The student is involved in legal proceedings where timing is beyond the student's control,
 - The student or accompanying family member has an acute medical condition requiring treatment
 - A traumatic experience which could include involvement in or witnessing a serious accident and witnessing or being the victim of a serious crime and this has impacted on the student (these cases should be supported by police or psychologists' reports)
 - Or where the registered provider was unable to offer a pre-requisite unit
 - Inability to begin studying on the course commencement date due to delay in receiving a student visa

Note 1: The above are only some examples of what may be considered compassionate and compelling circumstances. HIC will use their professional judgement and will assess the documentary evidence provided by the student to support the claim on a case-by-case basis. HIC will keep copies of these documents in the student's academic file. If you are granted a leave of absence, this may affect your student visa. You are advised to contact the Department of Immigration and Citizenship (DIAC) for advice.

Note 2: For the purpose of Standard 9, the following additional situation would be considered "compelling circumstances" and could support the granting of an extension of the duration of a student's study:

- If the student had failed occasional units throughout the course but had not done so poorly as to be picked up by HIC's intervention strategy for course progress. In this case, HIC will document the findings of the monitoring process and the decision to extend the student's duration of study in order to complete the course.

37.5 Method

37.5.1. Students are monitored throughout the term and at the end of their term as per the Course Progress and Intervention Strategy.

37.5.2. As soon as a student receives an NYC for an assessment, the trainer advises the Coordinator and a meeting with the student, trainer and Coordinator is arranged as soon as possible

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

37.5.3. The meeting with the Coordinator will involve identifying why the student failed and putting in place a strategy to address the student **has** needs and assisting them in being able to achieve competency within the duration of their CoE.

37.5.4. Through identifying issues at the assessment level, intervention strategies are put in place to ensure the students can complete their course within the duration of the CoE.

37.5.5. Some possible interventions, which may be utilised to assist students, are:

37.5.5.1. The option of undertaking additional classes, in order to catch-up with the units.

37.5.5.2 English language support for oral and written comprehension or

37.5.5.3 Assistance with academic skills such as essay & report writing, meeting assessment requirements and research skills

37.5.5.4. Counselling with the Administration Manager/Student Advocacy & Welfare Officer / Counsellor if compassionate circumstances are identified and students are having personal difficulties that may be affecting their progress

37.5.5.5 A resubmission of the work after further clarification on the requirements is provided to the student or addressing the problems, the student had with the assessment item

37.5.6. If after intervention strategies are put into place and the student still receives an NYC for 50% or more units in a term, then the Course Progress and Intervention Strategy Policy takes effect, resulting in further intervention strategies for the student. (Refer to the Course Progress and Intervention Strategy Policy in the Student Handbook and Orientation Guide)

37.5.7. HIC considers a student to be at risk of not completing the course within the expected period, if at the end of term the student has to repeat two or more units.

37.5.8. Issuing a new CoE should occur when HIC decides that the student cannot reasonably complete his or her course within the expected duration as specified on the student's CoE and there have been grounds identified in 37.4(i) above.

This would normally be done as part of the academic review process conducted at the end of a students' penultimate, study period.

In simple terms the Training Manager/Course Coordinator and the Administration Manager, decide in conjunction with the student whether it is possible, for the student to successfully complete all the remaining units necessary for the award of the qualification within the period of a study period.

Using the allocated hours identified in the delivery and assessment plan they identify the expected extra time required for the student to fully complete the requirements of the qualification.

On determination of the additional time and agreement with the student, the Administration Manager will formally advise the Managing Director in writing that a new CoE should be issued to extend the duration of the student's study.

The Managing Director will notify the Secretary of DEEWR through PRISMS as soon as practicable.

38. Deferral, Temporary Suspension and Cancellation Policy and Procedures

38.1 Purpose

Student enrolment can be deferred, suspended or cancelled in limited circumstances by HIC or by the student. When the Institute initiates deferral, suspension or cancellation of enrolment, students have the right to appeal the decision. All documentation relating to the assessment of student deferral, temporary suspension and cancellation applications will be kept in the student's file. All discussions undertaken with the student during the processing of the application will be recorded using a Student Communication Form as they occur and kept in the student file.

38.3 Guidelines for International Students

38.3.1. HIC Initiated Deferral, Suspension or Cancellation

38.3.1.1. HIC may suspend a student enrolment in the following instances.

- c) Non-payment of outstanding fees.
- d) A Student who ceases attending a course for 14 working days or does not return from leave for 14 working days and is non-contactable will be deemed to have 'inactively' advised HIC of his/her failure to continue studying. HIC will initiate 'Student notify cessation of studies' and thereafter cancel the confirmation of enrolment. In this case HIC will not provide any opportunity for appeal process.

38.3.1.3. In cases where suspension or cancellation of the student's enrolment is initiated by HIC, students will be notified and given 20 working days to access HIC's internal complaints and appeals process (see Complaints and Appeals Procedure).

38.3.1.3.1. The change in enrolment status will not be reported to Department of Education until the internal appeals process is completed unless extenuating circumstances relating to the welfare of the student apply.

38.3.1.4. Once the deferral, suspension or cancellation is processed, HIC will notify DEEWR via PRISMS within 14 days.

38.3.2. Student Initiated Deferral, Suspension or Cancellation

38.3.2.1. International students may defer commencement of a course or suspend their enrolment during their course in the following limited circumstances.

- b) Student visa delay.

38.3.2.2. Students may request a deferral of the commencement of their course by completing an Application to Defer, Temporarily Suspend or Cancel studies Form and submitting it to the Administrative Officer prior to the course commencing.

Once the deferral is processed, the student will receive a Confirmation of Enrolment letter and have a new enrolment agreement written to reflect the new commencement.

Document Control

Printing this document or transferring it to another electronic format will result in the document being an uncontrolled copy.

38.3.2.3. Students who wish to suspend their enrolment must obtain written approval from the Administration Manager.

- a) Students need to complete an Application to Defer, Temporarily Suspend or Cancel studies Form and submit it, together with all supporting documentation to the Administration Manager.
- b) To obtain approval, students must submit the form a minimum of 10 working days before the requested suspension date.
- c) In case of an emergency that compels the student to suspend their course, the minimum submission deadline of 10 working days may be waived. Please see Compassionate & Compelling Circumstances Policy for further guidelines on what constitutes an emergency.

38.3.2.4 Students who wish to cancel enrolment in their course must obtain approval from HIC and attend a cancellation appointment.

- a) Students must complete an Application to Defer, Temporarily Suspend or Cancel studies Form or where applicable a Transfer between Providers Application Form and submit it, together with all supporting documentation, to the Administration Manager.
- b) The Administration Manager will decide the outcome of the student's request for cancellation.
- c) If the student requests a refund, the Administration Manager will submit their request to the Managing Director for approval of the refund.
- d) The student must complete an Application for Refund (Cancellation) Form and submit it with their Application to Defer, Temporarily Suspend or Cancel studies Form.
- e) If the student does not accept the outcome of their request for cancellation, the Administration Manager will escalate the student's application to the RTO Manager.
- f) Once the cancellation is processed, the student will receive a Release Letter from the RTO MANAGER.

38.3.2.5. Once the deferral, temporary suspension or cancellation is processed, the Compliance Officer will notify DEEWR via PRISMS within 14 days.

38.4. Additional Guidelines for International Students

38.4.1. If an international student's enrolment is temporarily suspended for a period of 28 days or longer, the student must return home (unless special circumstances exist).

38.4.1.1. The student will be required to prove that they are returning home, such as providing their airline ticket.

38.4.1.2. The Administration Manager will take a copy of the airline ticket for the student's file.

38.4.2. International students can suspend enrolment for a maximum period of six months.

38.4.1.1 In the case of exceptional circumstances (supported by documented evidence), longer suspensions may be granted at the discretion of HIC management.

38.4.3 Deferral, temporary suspension or cancellation of enrolment may affect the student's visa.

38.4.2.1. If an international student's enrolment is suspended for more than six months, the student's visa may be cancelled by DIAC.

39. Compassionate and/or Compelling Circumstances Policy

39.1 Purpose

41.1 Students

- a) Should read their written agreement carefully before signing it - it is a legal contract.
- b) Ensure the agreement is clear on the number of study periods in the course, how the fees are distributed throughout the course for each study period and the difference between tuition fees and other types of unprotected fees such as accommodation.
- c) Should be aware of any conditions or deductions from a refund they may incur if they do not commence or complete the course (this is called a student default) or where their visa is not approved.
- d) Keep a copy of all receipts for money they have paid to a provider.
- e) Ensure their provider gives them a record of all study completed at each stage of their course.
- f) Let their provider know as soon as any of their contact details change.

Document Control

Prior to the transfer students will be formally notified of the arrangements including any refund of fees that may be applicable.

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. In the unlikely event that HIC is unable to deliver a course that has been paid for and HIC does not meet their obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid tuition fees (this is called a provider's 'default obligations'), the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found. Note: You will be required to pay fees to your new college once the credit-free tuition period is over. For further information, please refer to the Tuition Assurance Scheme - <https://tps.gov.au/StaticContent/Get/StudentInformation>.
